WE HAVE 2 CLASSES THAT ACCOMMODATE 4 YEAR OLDS:

The **Older Multi-Age Program (OMA)** emphasizes playful learning through exploration while preparing students for kindergarten or KinderPrep by using the Hand-Writing-Without-Tears curriculum and STEAM based class and group projects (science, technology, engineering, art and math) as well as their imaginations. This class also provides opportunities for older children to take on leadership roles and allows all children to develop friendships with children of different ages. This age range allows for engaging learning opportunities. Children also participate in weekly worship, singing, and prayer. Parents can choose a TTH, MWF, or a 5 day option.

The **KinderPrep (KP) Program** is designed to prepare each child for his or her formal education by focusing on social, emotional, cognitive, and physical development needs. We teach intentionally, using both teacher-directed and child-directed literacy and enrichment activities combined with opportunities for whole group, small group, paired, and one-on-one learning opportunities. We embrace classroom themes based on child and teacher interests and needs. Worship is an important part of our school day as we sing Bible songs, pray, and celebrate Christian holidays. The curriculum is based on the NAEYC Standards and the NM Early Learning Guidelines. This class is only offered 5 days a week.
